INFORMATION MUNICIPAL WASTE COLLECTION

The Municipality of Vila do Porto has been strongly investing in the county's municipal waste collection service. Your cooperation will allow us to ensure good public health conditions in our bathing areas and to promote them further into quality spaces, clean and pleasant for both the residents and the visitors.

Therefore, we provide hereby some information about the collection equipment meant for the disposal of municipal waste and the procedure to follow when bulky waste collection service is required.

UNSORTED WASTE (REGULAR TRASH)

Dispose of unsorted waste in the 800 litre communal containers staggered along the public roads.

Before disposing of your waste in the containers, you should:

- Package the waste in tight plastic bags;
- Close the container lid;
- In case the waste doesn't fit in, look for the nearest container.

RECYCLABLE WASTE (PAPER/CARDBOARD; GLASS;PLASTIC/METAL)

Dispose of recyclable waste in the ecopoints available along the public roads. These containers are identified with the colours corresponding to each type of waste (blue for paper/cardboard packages, green for glass recipients and yellow for plastic/metal packages).

Before disposing of your recyclable waste in the ecopoint, you should:

- Empty or drain the packages and, when possible, flatten them to save space inside the ecopoint.

USED COOKING OIL (FRYING OIL)

Dispose of used cooking oil, or frying oil resulting from the preparation of meals, in the oil containers available along the public roads.

Before disposing of cooking oil in the oil container, you should:

- Package the oil (when cold) in a recipient (e.g. used plastic bottle);
- Close the bottle tight and dispose of it carefully in the oil container;
- Avoid disposing of olive oil, flare fat, margarine or motor lubricating oil.

TEXTILE WASTE (USED CLOTHING; TOYS; USED FOOTWEAR)

Dispose of textile waste such as clothing (e.g. blouses, shirts, coats, trousers, skirts, shorts), shoes, sneakers, boots, slippers, toys and home fabrics (e.g. sheets, blankets, kitchen towels, bath towels, carpets) in the appropriate containers for used clothing, located near the ecopoints at the following places:

- Next to the Main Church in Vila do Porto;
- In the centre of Almagreira parish.
